

MEMORANDUM OF UNDERSTANDING

Between

**California-Mexico Health Initiative, University of California, Office of the
President**

**And the
United States-Mexico Foundation for Science**

The United States-Mexico Foundation for Science (FUMEC) and the California-Mexico Health Initiative (CMHI) have agreed to sign the following agreement to continue collaborations based upon the Memorandum of Understanding (MOU) signed on June 28th of 2002.

The main purpose of this agreement is to extend the provisions of the aforementioned MOU, expired as of June 27th 2005, through June 27th 2006. An initial \$3,000 will be provided to CMHI from FUMEC.

The Goals and Objectives between CMHI and FUMEC are hereby reaffirmed and conditions of the MOU extended. The parties representatives, henceforth designated as Guillermo Fernández de la Garza and Xóchitl Castañeda, will negotiate a revised workplan.

Workplan development includes redefined activities, responsibilities, times and resources involved, according to the programs furthered and established per this extension of the MOU and further negotiations for expanded collaborations.

Signed in Berkeley, CA on the 21st of September, 2005 in two original copies.
