

# Proclamation

## City of Firebaugh Binational Health Week

October 12<sup>th</sup> through October 19<sup>th</sup>, 2001

*WHEREAS, California Mexico Health Initiative was founded by a collaborative effort between the California Policy Research Center, the University of California Office of the President and several key stakeholders from federal, state, and local and private institutions from the United States and Mexico; and*

*WHEREAS, California Mexico Health Initiative was established to provide information to migrants about their health needs and which health care services can meet those needs in selected Mexican states and counties in California; and*

*WHEREAS, California Mexico Health Initiative has and continues to address issues that impact the migrant community from poverty, health care needs, health care services and increasing awareness amongst and between migrants, health care providers, and community social support organizations; and*

*WHEREAS, California Mexico Health Initiative, is made up of a variety of local organizations such as, California State University-Tresno, California Health Collaborative California Rural Legal Assistance, Central Valley Health, and various departments of the Fresno County Government, and where they are all working diligently on the Binational Health Week Task Force which is coordinating Binational Health Week scheduled for October 12<sup>th</sup> through October 19<sup>th</sup>, and*

*Now, Therefore Be it Resolved, that the City Council of the City of Firebaugh hereby proclaims the Week of October 12<sup>th</sup> through the 19<sup>th</sup>, to be designated Binational Health Week and welcome the public to participate in the health activities.*

George I Conklin, Jr.  
Mayor
