

IV SUMMER INSTITUTE ON MIGRATION AND HEALTH

Puebla, Mexico

June 29—July 3, 2009

The Summer Institute on Migration and Health is a fantastic opportunity for researchers, faculty, graduate students and professionals working with migrant communities to learn more about the field of migration and health, especially emergent issues and current research trends.

The entire course is taught from a binational perspective. Well known professionals from the United States, Latin America and Europe present their specialties throughout the week, allowing participants to gain cutting-edge insight on a global level.

Organized by the Health Initiative of the Americas, of the University of California at Berkeley, School of Public Health, and the School of Medicine of the Benemerita Universidad Autonoma de Puebla. The IV Summer Institute on Migration and Health will take place in Puebla, considered by many to be one of the most beautiful cities of Mexico.
